## **NEWS RELEASE**

For Immediate Release

### INTERFACE CABLE ASSEMBLIES AND SERVICES CORP. (ICAS) PREQUALIFIES WITH NYC SCHOOL CONSTRUCTION AUTHORITY (SCA)

Long Island City, NY, February 3, 2010 - ICAS, a leader in single source solutions in design, engineering and implementation of network infrastructure technology, was recently approved for contract engagement with the SCA to work on technology projects of up to \$1,000,000 in educational facilities throughout the five boroughs of New York City, including 1,200 public school buildings.

Having demonstrated longstanding corporate integrity and the qualifications required to successfully perform a project along with the financial stability to complete the work as scheduled, ICAS was included among the short list of technology suppliers. ICAS also demonstrated compliance in all equal employment requirements including Locally-Based Enterprise (LBE), Minority-Owned Business Enterprise (MBE) and Woman-Owned Business Enterprise (WBE) programs, and is enrolled in NYS Department of Labor-approved apprenticeship training programs.

The firm will submit bids/proposals for SCA projects to work in the following three trades: 16810 – Surveillance - Cameras/CAT 5/CAT 6, 16700 – Communications, and 16100 – Wiring Methods with the SCA Authority.
